# OVER THE LINE WEIGHT BAR

## Description

Steel Over The Line Weight Bar for use in the downhole perforating environment when extra weight is needed for a tool string.

## Benefits

- More reliable than Inline Weight Bars.
- No electrical connections eliminates the chance of shorts.
- Less maintenance due to there being nothing to rebuild.
- Cable Head fits inside the weight bar providing additional protection.
- 2" 6 Acme Thread Pin connection at the top allows for 2" fishing neck or additional weight bars to be attached.
- 2" 6 Acme Thread Box connection on the bottom connects to the OD of a CCL.
- Available in 2-3/4" or 3-1/8" OD.
